Thank you Jason, pleased to meet you Rosario and Robert

Absolutely! Let's have a call and discuss what we could do together. We are currently defining our roadmap for 2021, especially the listings and platforms to integrate with.

When would be a good time for you?

Kind regards

When I was down with them in Puerto Rico last week, I shared a little about Stakehound and what you guys are doing with ZCoin/DASH/NEM/Tezos etc etc. They are def interested in (cautiously) jumping on this bandwagon.

Rob— Albert is a great guy. Be nice. 🙄

Attaching some of the recent announcements below for some context.

Please connect ASAP and let me know the result!!

Thanks,
